HOTEL BUSINESS AND GASTRONOMY

enjoy

Indulgence of a special kind

The *Enjoy* design concept is characterized by innovative shapes and a wide variety of options for food and drink presentation. It was inspired by the catenoid curves of a delicate necklace. Every piece represents a variation of this theme. For example, the asymmetric pieces emulate the elegant arch made by a hanging necklace. The striking plates and saucers subtly emulate these lines with their curved rim design, a genuine feast for the eyes.

Design: Ottenwälder und Ottenwälder, 2010

THE PORCELAIN OF TOMORROW – SINCE 1881

Unusually lively

The current popularity of specialty coffees and teas is where the *Enjoy* collection really comes into its own. The bold design provides a flamboyant showcase for every cappuccino, café au lait, or cup of tea. The harmoniously shaped plates and saucers subtly evoke these sweeping lines with their classic rim design. *Enjoy* cups, mugs, and tea and coffee pots feature striking, dynamically contoured yet comfortable handles. The rounded shapes and variety of cup sizes make this the ideal design for use in upmarket cafés, trendsetting coffee shops, and snack bars.

Award-winning design and marketable functionality:
Enjoy is leaving its distinctive mark on porcelain design.

With *Enjoy,* Bauscher is making a bold impression on the hot beverage and snack culture scene. The generously sized asymmetric plates and the cup and snack set are ideal for a wide range of snacks like salads, soups, light pasta dishes, or classic sandwiches. They provide an extraordinary backdrop, grab the customer's attention, and turn little sweet or savory snacks into a special experience.

A well-rounded delight

The *Enjoy* collection exudes international style and is perfectly suited to the global hotel and gastronomy sector. The contemporary proportions of the round plates beautifully complement the asymmetric shapes. The flowing rims in various widths subtly repeat the design concept and add a strikingly elegant note to any dinner. The classic design statement thus creates a prominent stage for delicious dinner compositions.
