HOTEL BUSINESS AND GASTRONOMY

dimension

Functional and practical

Dimension is a versatile collection tailored to challenging environments. Its sleek shape and excellent functionality make it the ideal partner for event and professional catering. And because more than practicality is required, *Dimension* also has impressive design features like unusually shaped handles and softly sweeping plates.

Design: Prof. Günter Horntrich, 1998

THE PORCELAIN OF TOMORROW – SINCE 1881

Highly versatile

Dimension is equally at home presenting healthy food in an appealing way or setting the scene for a sophisticated afternoon coffee break. Cups, plates, pots, and bowls differ in size and shape, but they all make the same uncluttered design statement: soft, flowing shapes with elegant overtones. *Dimension* can therefore be used in many different settings and emphasizes the special character of each and every dish.
