HOTEL BUSINESS AND GASTRONOMY

glas

The finishing touch

A tasteful table setting is not just a matter of exquisite porcelain, it also includes matching stemware and glasses. Bauscher takes pride in being able to offer its customers complete solutions from a single source and has therefore added glassware to its range of products. Bauscher glasses are made of lead-free crystal and are much stronger and more corrosion-resistant than conventional glass. The design and processing of bowl, stem, and foot ensure stability and user-friendliness.

THE PORCELAIN OF TOMORROW – SINCE 1881

inspiration

Harmony of shape

The *Inspiration* stemware range combines all the features a glass needs to have in the gastronomy trade: harmonious design, simple elegance, and solid functionality. The nicely rounded bowls and simple lines keep the focus on the essential. The pulled stems provide additional enhancement and improve stability.

smart

Crystal clear for everyday use

The *Smart* tumbler series is very versatile and is used wherever guests want to be served quickly yet in a pleasant atmosphere. The rounded shapes of the tumblers means they can be grasped comfortably and securely, while their low center of gravity makes them particularly stable.
