Come4table presents a harmonious blend of modern aesthetics and timeless tradition. Designed with casual dining in mind, this collection effortlessly elevates your dining experience, making it perfect for a wide range of culinary delights. The flat plates, with their smooth curves and gentle rims, offer a generous dining area that beautifully frames your creations.

# Be my Guest

The deep plates and bowls, with their graceful silhouettes, comfortably cradle a variety of dishes. Whether it's a vibrant salad bursting with fresh ingredients or a steaming bowl of soup or pasta, these players provide both functionality and visual appeal.

# Deep Dive

# Size Matters

The small dishes are perfect for individual portions or appetizers. Regional specialties and trendy casual food ideas alike can be effectively staged. The classic shape of the flat-rimmed plates allows for versatile plating options, ensuring your dishes take center stage while maintaining a sense of balance and proportion.

The generously dimensioned plates with steep rims are ideal for sauce dishes because the sauce cannot run, but is stopped by the rim. They are easy to grip, easy to stack and therefore take up little space in the kitchen when stored. The serving platters feature ample space to present a delicious array of meats, fish, or vegetable delicacies.

# Comfort Food

Cakes and desserts also find their natural habitat with Come4table. The impressive diversity of plates and platters allows chefs to always choose the right format for their creativity – an inspiring playground for trying out different styles and dishes.

# Special Treats

# Cozy Breakfast

The comfortable proportions of the shape accommodate a sumptuous breakfast. Cups and mugs share a rotundity that underscores their homey charm. Along with pots and creamers, appealing combinations on the set table arise.
